

20 May 2013

SNHS Members,

Congratulations on your induction into the Science National Honor Society! Your dedication to and display of excellence in the field of science is truly appreciated. Before you start your summer, here are a few reminders from your SNHS officers.

SNHS Wiki

Make sure to join the SNHS Wiki! This is our main method of communication, and where we post any reminders and activities over the summer. Go to:

<http://rkhssnhs.wikispaces.com>

and create an account. Then, request to join the Wiki. We also have a Facebook group titled “RKHS Science National Honor Society.” If you are not a member of the Facebook group, please contact an officer (**officer contacts are displayed on the back of this letter**) or request to join. The SNHS Wiki will be updated on Tuesdays, so make sure to check it at least once a week!

Hour Requirements

SNHS requires that students complete **30** hours of service, **15** of which must be science-related. Similar to NHS, you must use the **hour form** (attached) to submit your hours at the end of the month in which they are completed. Hours for the current year begin with the induction ceremony (10 May 2013), so some of you may already have some hours for this year! One copy of the hour form is attached. If you need more, you can print them from the SNHS Wiki.

Throughout the year, the officers will announce volunteer opportunities on the Wiki. We will begin announcing opportunities over the summer so that you can get a head start on hours. Make sure to check the Wiki to keep updated!

Fees

Make sure you turn in your \$10 SNHS fees. The due date for fees this year is **Wednesday, 2 October 2013**. If you are late, the fee will increase \$10 per month. If you do not pay your fee by January 2014, you will be asked to resign. Direct any questions regarding fees to your treasurer, Nalee Praseutsack.

With summer just around the corner, it's time to unwind and enjoy yourself. However, it's also a great time to put in some early hours for SNHS. Science service hours can be uniquely fun and rewarding.

We hope you have an incredible summer! After working so hard this school year, you deserve it.

Sincerely,
Your SNHS Officers
